

BIG TIMELINE

Sunday, May 5, 2019 9:29 PM

Seth chooses to die with the burning of the world
Instead of taking Freya's offer to evacuate to the library
to ensure he no longer has to live in a broken game.

Seth either lets Near make his choice knowing it
alligns with his
Beliefs or attempts to stop Near to give
humanity a chance, knowing the
Futile truth of the end approaching

Seth demands Freya reveal the truth
of the world.
Seth enters the library. Freya,
expecting Seth to be understanding
Is completely cut ties with after Seth
realizes how much of recent history
was staged by her for fun

Seth enters the Green World - 2033/7/4
Meets the RD trio

Seth travels to Ilmaria - 2033/6/19

Seth masters his powers - 2033/6/13

Seth is "imprisoned" in
Corstaea - 2033/5/23

Seth takes on an emissary role and travels around as
VEX

THE END OF EVERYTHING

Near and Co become more caution of Seth as
He is hiding something.

Near and Co progress their way into Avalon
Uncovering its sinister truth.

BEGINNING OF RD - 2033/10/13

Seth withdraws and waits for Avalon's activation -
2033/8/11
Seth challenges 11k head on in an attempt to shut it
down, gains insight on pestilence and the end of the
world - 2033/6/19

Seth has a final standoff against Foulke and the
completed suit.

Seth uncovers Foulke's grand scheme to turn himself into
a living weapon with the VEX suit and mystic energy

Foulke's reactor in Ustonia explodes -
2033/5/22
Seth becomes a wanted criminal being
framed/ mistaken for Foulke at the time
of the explosion, throughout the
Federation and Ustonia

Foulke is caught by VEX and escapes, hinting his true
goal, while leaving Seth to be caught and unmasked by
the investigation team.

With Avalon defenseless Freya launches her
assault on Ilmaria as her final coup de grace.

Williams is killed either at the hands of Seth or
Near.
Near either shuts off Avalon to give humanity a
chance to be saved or attempts to take control
only for Seth to intervene and fight for control
to get beaten badly.

Williams activates Avalon - 2033/8/18

<<-----
>>

DW/PZ/PG all take place somewhere here

<<-----
>>

Williams concludes that there is no hope of a
cure for his virus at this point, as it's
progressed too fast and the research is too
slow. Plan B is launched - 2033/5/24

Williams' virus is released too early, forcing
his hand to rush research on the cure by any
means necessary - 2033/3/24

Sublimation is expanded to public availability
in exchange for an upfront fee, or a recurring
fee payable by performing tasks in the VR
world - 2032/10/8

Williams completes the virus - 2032/10/2

To locations of peak interest including CotDF , coming in contact of the investigation team and having to lie about his identity. This also attracts Freya's attention.

Seth takes on the alias of VEX under the guidance of Azzy and begins his own search into Foulke's disappearance.

Lynn establishes an internal investigation team within Concordia to avoid the Ministry from further prodding.

Foulke disappears overnight mysteriously unbeknownst that he was returned back to 11K with the light reactor designs - 2032/10/5

Light Reactor prototype comes online - 2029/4/21

True Avalon systems completed - 2029/9/9

11k removes price from SensNet and begins global distribution drive, starting in Ilmaria - 2029/1/16

11k launches a SensNet exclusive VR application with a feature called "Sublimation" offered to a select few - 2027/11/21

Seth Discovers Foulke's Supercomputer along with a prototype VEX suit and the AI it houses. - 2032/10/13

Deal signed with Ustonia to construct a Light Reactor - 2029/4/23

Foulke begins Ustonian first joint energy collab with another nation for the first time in decades. 2026/1/30

Ustonia offers research grants for promising energy generators in response to their alarming consumption rate - 2027/12/29

Seth finishes school and makes no future plans for taking on the business nor furthering education, leaving the public restless.

Foulke, a renowned Ustonian physicist is hired by 11K

Seth is barred from using on site labs and workshops without supervision. This however does not stop him.

Thomas Alden is promoted to CWO-6 and deployed aboard the CRS- (Name here) during the (Freya caused conflict here)

The Accident

Seth creates Spudnik

Arlette takes over her husband's role as Corstaeen Minister of Energy. As a result Lynn has ownership and executive power of Concordia thrown onto her.

Robert Brunton passes away from declining health. Concordia and all of its shares are officially split amongst Arlette, Thomas, and Lynn

Seth discovers he has an odd talent of being able to Dextriously play with metal bits, almost as if they were suddenly Magnetic

DW lore starts here -----

>

11k moves HQ to Ilmaria - 2027/9/1

Avalon structure and datacenter completed - 2027/7/13

Williams begins research to create, spread, and cure a lethal virus. As a failsafe, plan B is to fully recreate reality inside the Avalon system and sublimate everyone - 2027/5/28

11k reaches a global milestone: 80% of all civilian road traffic is fully automated, electric, and shared rather than owned. With cars made by 11k of course. - 2025/3/15

LC starts here ----->

Avalon begins construction - 2018/8/13

11k announces Avalon initiative as a project to launch the world's largest, most powerful, and most reliable datacenter - 2018/3/26

11k publicly launches neural interface as SensNet, a lifestyle product with a wireless always-on internet connection, no need for batteries, and both AR and VR capabilities - 2016/5/5

11k develops a direct two-way neural interface - 2015/2/14
